KKR US HIGH YIELD BOND FUND
(a Sub-Fund of KKR Multi-Asset Class Credit Platform ICAV)

DIRECTORS' REPORT

The Directors of KKR Multi-Asset Class Credit Platform ICAV (the "ICAV") submit their report in respect of the KKR US High Yield Bond Fund (the "Fund"), together with the audited financial statements of the Fund, for the year ended December 31, 2024. These financial statements are only for the Fund, any other sub-fund will be reflected in separate individual financial statements.

The ICAV

The ICAV is an Irish Collective Asset-management Vehicle established on July 29, 2021 pursuant to the Irish Collective Asset-management Vehicles Act 2015 and 2020 (the "ICAV Act") and registered with the Central Bank of Ireland (the "Central Bank") with registered number C460225 on June 10, 2022. The ICAV is structured as an umbrella fund with segregated liability between sub-funds pursuant to the UCITS Regulations.

As of December 31, 2024, the ICAV has two sub-funds, KKR European High Yield Bond Fund and the Fund.

A separate portfolio of assets is maintained for each sub-fund (and accordingly not for each class of shares) and is invested in accordance with the investment objective and policies applicable to such sub-fund, as set out in each sub-fund's supplement.

In accordance with the requirements of the UCITS Regulations, FundRock Management Company S.A. is the appointed Manager of the Fund.

KKR Credit Advisors (US) LLC (the "Investment Manager"), serves as the Investment Manager of the Fund. The Investment Manager is responsible for certain administrative and investment advisory matters. The Investment Manager is an investment advisor registered with the U.S. Securities and Exchange Commission (the "SEC").

The Fund

Investment objective and policies, review of business developments and future development of the business

The investment objective of the Fund is to outperform the Bank of America Merrill Lynch High Yield Index (the "Benchmark") over a credit cycle. The Fund targets outperformance over the Benchmark across the credit cycle primarily from income with some potential capital appreciation. The Investment Manager currently considers that the duration of the credit cycle is in the approximate range of between 4-5 years but, given that credit cycles are not static, this may change over time. The Fund does not seek to allocate its investments in line with, or seek to control risk relative to, any securities market index or the Benchmark.

The Fund intends to achieve its investment objective by investing in a diversified portfolio of high yield bonds and Floating Rate Notes ("FRNs") of issuers (including a co-issuer) organized, domiciled or incorporated in the United States of America ("United States") and North America. These investments will largely be bonds or FRNs that primarily have a credit rating of between BB and CCC as rated by Moody's, Standard and Poor's, Fitch and any other internationally recognized rating agency equivalent to any of them. The extent to which the Fund will invest in FRNs will depend on the Investment Manager's assessment of market conditions and available investment opportunities, and it is possible that the Fund may be invested up to 100% in FRNs.

The Investment Manager's strategy is to focus on income-generating high yield bonds with a significant focus on principal protection. The Investment Manager employs a top-down macro-economic overlay in the construction of the portfolio, as well as a bottom-up, security based credit analysis in respect of individual investments. The Investment Manager constructs the portfolio by identifying investments with an attractive risk/return profile and weighting these investments in the Fund based on their risk/return profile and availability in the marketplace. The top-down macro-economic overlay employed by the Investment Manager provides a perspective on countries, individual industries and companies. As part of this process, the Investment Manager considers news, commentary and outlooks on the changing dynamics in the global economy to assist in better decision-making and enhanced performance regarding current and potential investments. This is in addition to the Investment Manager's bottom-up research on individual securities, which incorporates industry analysts' views on industry trends, and the Investment Manager's assessment of the performance of a company based on its views of the economy, its credit fundamentals and relative risk-adjusted returns across the capital structure.

The business of the Fund is reviewed on page 36 in the Manager's Report.

DIRECTORS' REPORT (CONTINUED)

Risk management objectives and policies
The Directors have identified certain risks arising from the Fund's holdings and these risks are described in the prospectus. The principal risks and uncertainties which the Fund faces relate to the use of financial instruments and are listed in Note 13, "Risk Factors". The investment objective of the Fund is described on the previous page.

Results
The financial statements of the Fund are presented on pages 11 to 23, with accompanying notes on pages 24 to 35.

Significant events during the year
On August 15, 2024, the supplement of the Fund was amended.

On December 6, 2024, the supplement of the Fund was amended.

There were no other significant events during the financial year, requiring recognition or disclosure.

Subsequent events after the year end
There were no subsequent events after the financial year end, requiring recognition or disclosure.

Directors
The Directors who specifically held office during the financial year to the date of this report are listed below:

Michael Gilleran** (Irish resident)
Greg Hickey** (Irish resident)
Peter O'Leary* (Irish resident)

*Independent and Non-Executive Director
**Non-Executive Director

Directors and secretary's interests
At the date of this report and for the year ended December 31, 2024, the Directors and secretary have no beneficial or non-beneficial interests in the shares of the Fund.

There were no contracts or arrangements of any significance in relation to the business of the Fund in which the Directors or secretary had any interest at any time during the year ended December 31, 2024.

Directors' remuneration in relation to the ICAV is detailed in the Unaudited Information section – Remuneration Disclosure.

Connected persons
In accordance with the requirements of the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the "Central Bank UCITS Regulations"), all transactions carried out with the ICAV by the management company, depositary, delegates or sub-delegates of these parties (the "connected persons") must be conducted at arm's length and be in the best interests of shareholders of the ICAV. The Directors are satisfied that there are arrangements in place to ensure that the obligations set out in the Central Bank UCITS Regulations are applied to all transactions with connected persons and transactions with connected persons entered into during the year complied with the obligations set out in the Central Bank UCITS Regulations.

DIRECTORS' REPORT (CONTINUED)

Dividends
The Fund made a cash distribution of €1,597,003 (not in thousands) in April 2024. A cash distribution of €5,098,500 (not in thousands) was made in July 2024. No in-kind distributions were declared during the year.

Soft commissions
There were no soft commission arrangements during the year ended December 31, 2024.

Going concern
As of December 31, 2024, the Directors believe that the Fund has adequate resources to continue in operational existence for the foreseeable future. For this reason, the going concern basis has been adopted in preparing the annual financial statements.

Accounting records
The Directors have ensured that adequate accounting records requirements under Sections 109 to 113 of the ICAV Act have been complied with by outsourcing this function to a specialist provider of such services. The accounting records are held by Apex Fund Services (Ireland) Limited in their office which is 2nd Floor, Block 5, Irish Life Centre, Abbey Street Lower, Dublin 1, D01 P767, Ireland.

Directors' responsibilities statement
The Directors are responsible for preparing the Directors' Report and annual report and audited financial statements, in accordance with applicable law and regulations.

The ICAV Act requires the Directors to prepare financial statements for each financial year. Under that law, the Directors have elected to prepare the financial statements in accordance with the United States Generally Accepted Accounting Principles ("US GAAP") as adopted by the SEC.

The financial statements are required to give a true and fair view of the assets, liabilities and financial position of the Fund at the end of the financial year and of the change in net assets attributable to the shareholder of the Fund for the financial year. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Fund will continue in business.

The Directors are responsible for ensuring the maintenance of adequate accounting records which correctly explain and record the transactions of the Fund, enable at any time the assets, liabilities, financial position and profit or loss of the Fund to be determined with reasonable accuracy, enable them to ensure that the financial statements and Directors' Report comply with the ICAV Act and enable the annual financial statements to be audited. The Directors believe that they have complied with the requirement with regard to adequate accounting records by employing an experienced administrator with appropriate expertise and adequate resources to prepare the financial statements.

The Directors are also responsible for safeguarding the assets of the Fund. In this regard they have entrusted the assets of the Fund to the depositary who has been appointed to the Fund pursuant to the terms of a depositary agreement in accordance with the requirements of UCITS Regulations. The Directors have a general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities.

DIRECTORS' REPORT (CONTINUED)

Corporate governance statement
The ICAV is subject to compliance with the requirements of the ICAV Act and the Central Bank UCITS Regulations.

During the year under review, the ICAV was subject to corporate governance imposed by:

i. The ICAV Act which is available for inspection at the registered office of the ICAV;
ii. The Instrument of Incorporation of the ICAV which is available for inspection at the registered office of the ICAV; and
iii. The Central Bank UCITS Regulations which can be obtained from the Central Bank's website at: using https://www.centralbank.ie/regulation/industry-market-sectors/funds/ucits/legislation and is available for inspection at the registered office of the ICAV.

The Directors have adopted the voluntary Irish Funds ("IF") Corporate Governance Code for Irish domiciled Collective Investment Schemes and Management Companies, issued December 14, 2011 (the "IF Code"). The Directors have reviewed and assessed the measure included in the IF Code and consider its corporate governance practices and procedures since the adoption of the IF Code as consistent therewith.

Statement on relevant audit information
In accordance with Section 128 of the ICAV Act:

(i) so far as the Directors are aware, there is no relevant audit information of which the Fund's statutory auditors are unaware; and
(ii) the Directors have taken all steps that the Directors ought to have taken as Directors in order to make themselves aware of any relevant audit information and to ensure that the Fund's statutory auditors are aware of that information.

Independent Auditor
The Independent Auditor, Deloitte Ireland LLP, has expressed their willingness to continue in office in accordance with Section 125(1) of the ICAV Act.

KKR Multi-Asset Class Credit Platform ICAV (UCITS)
Report of the Depositary to the Shareholders
For the year ending 31st December 2024

Report of the Depositary to the Shareholders

We have enquired into the conduct of the KKR Multi-Asset Class Credit Platform ICAV (UCITS) for the year ended 31st December 2024 in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the Shareholders in the Fund, in accordance with Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, ("The UCITS Regulations"), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Fund in each annual accounting period and report thereon to the Shareholders.

Our report shall state whether, in our opinion, the Fund has been managed in that period in accordance with the provisions of the Fund's Instrument of Incorporation of the Fund and the UCITS Regulations. It is the overall responsibility of the Fund to comply with these provisions. If the Fund has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Fund has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Instrument of Incorporation of the Fund and the appropriate regulations and (ii) or otherwise in accordance with the Fund constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Fund has been managed during the year, in all material respects:

(i) in accordance with the limitations imposed on the investment and borrowing powers of the Fund by the Instrument of Incorporation of the Fund, the UCITS Regulations and the Central Bank UCITS Regulations, and

(ii) or otherwise in accordance with the Instrument of Incorporation of the Fund, the UCITS Regulations and the Central Bank UCITS Regulations.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF KKR US HIGH YIELD BOND FUND

Report on the audit of the annual accounts

Opinion on the annual accounts of KKR US High Yield Bond Fund (the 'ICAV')

In our opinion the annual accounts:

- give a true and fair view of the assets, liabilities and financial position of the ICAV as at 31 December 2024 and of the profit for the financial year then ended; and
- have been properly prepared in accordance with the relevant financial reporting framework and the applicable Regulations.

The annual accounts we have audited comprise:

- the Statement of Assets and Liabilities;
- the Statement of Operations;
- the Statement of Changes in Net Assets;
- the Statement of Cash Flows; and
- the related notes 1 to 17, including a summary of significant accounting policies as set out in note 2.

The relevant financial reporting framework that has been applied in their preparation is the Irish Collective Asset-Management Acts 2015-2020 ("the ICAV Act") and accounting principles generally accepted in the United States of America ("US GAAP") ("the relevant financial reporting framework").

The applicable regulations that have been applied in their preparation is the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 and Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations, 2019 ("the applicable Regulations").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are described below in the "*Auditor's responsibilities for the audit of the annual accounts*" section of our report.

We are independent of the ICAV in accordance with the ethical requirements that are relevant to our audit of the annual accounts in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the annual accounts, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the annual accounts is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the ICAV's ability to continue as a going concern for a period of at least twelve months from when the annual accounts are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Annual Report and Audited Financial Statements, other than the annual accounts and our auditor's report thereon. The directors are responsible for the other information contained within the Annual Report and Audited Financial Statements. Our opinion on the annual accounts does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

/Continued on next page

Deloitte.

/Continued from previous page

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF
KKR US HIGH YIELD BOND FUND

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual accounts or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the annual accounts or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of annual accounts that give a true and fair view and have been properly prepared in accordance with the ICAV Act, and for such internal control as the directors determine is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the directors are responsible for assessing the ICAV's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the ICAV or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the annual accounts

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual accounts.

A further description of our responsibilities for the audit of the financial statements is located on IAASA's website at: https://iaasa.ie/publications/description-of-the-auditors-responsibilities-for-the-audit-of-the-financial-statements. This description forms part of our auditor's report.

Report on other legal and regulatory requirements

Matters on which we are required to report by the ICAV Act and the applicable Regulations

In our opinion, the information given in the directors' report is consistent with the annual accounts and the directors' report has been prepared in accordance with the ICAV Act.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the ICAV and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the provisions in the ICAV Act which require us to report to you if, in our opinion, the disclosures of directors' remuneration specified by the ICAV Act are not made.

Opinion on other matters prescribed by the applicable Regulations

Based solely on the work undertaken in the course of the audit, we report that:

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the ICAV were sufficient to permit the annual accounts to be readily and properly audited.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF
KKR US HIGH YIELD BOND FUND

- The annual accounts are in agreement with the accounting records.

Use of our report

This report is made solely to the ICAV's shareholders, as a body, in accordance with Section 120(1) (b) of the ICAV Act. Our audit work has been undertaken so that we might state to the ICAV's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the ICAV and the ICAV's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

1. THE FUND

KKR US High Yield Bond Fund (the "Fund") is an open-ended sub-fund of KKR Multi-Asset Class Credit Platform ICAV (the "ICAV"). The ICAV is an Irish Collective Asset-management Vehicle established on July 29, 2021 pursuant to the Irish Collective Asset-management Vehicles Act 2015 and 2020 (the "ICAV Act") and registered with the Central Bank of Ireland (the "Central Bank") with registered number C460225 on June 10, 2022. The ICAV is structured as an umbrella fund with segregated liability between sub-funds pursuant to the UCITS Regulations. As of December 31, 2024, the ICAV has two sub-funds, KKR European High Yield Bond Fund and the Fund. These financial statements are only for the Fund, any other sub-fund will be reflected in separate individual financial statements. The Fund commenced its operations on July 1, 2022. The Fund has been approved by the Central Bank as an Undertaking for Collective Investment in Transferable Securities ("UCITS") for the purposes of the UCITS Regulations and is managed by FundRock Management Company S.A. (the "Manager").

The Manager, a company incorporated in Luxembourg, has ultimate responsibility for the investment management of the ICAV and the Fund. Pursuant to the management agreement, the Manager is also responsible for ensuring compliance with the UCITS Regulations. Subject to the Manager's supervision and control, the Manager may delegate certain of its management functions to third parties.

KKR Credit Advisors (US) LLC (the "Investment Manager"), serves as the investment manager of the Fund. The Investment Manager is responsible for certain administrative and investment advisory matters. The Investment Manager is an investment advisor registered with the U.S. Securities and Exchange Commission and has its registered office at 555 California Street, 50th Floor, San Francisco, CA 94104, United States of America.

The investment objective of the Fund is to outperform the Bank of America Merrill Lynch High Yield Index (the "Benchmark") over a credit cycle. The Fund targets outperformance over the Benchmark across the credit cycle primarily from income with some potential capital appreciation. The Investment Manager currently considers that the duration of the credit cycle is in the approximate range of between 4-5 years but, given that credit cycles are not static, this may change over time. The Fund does not seek to allocate its investments in line with, or seek to control risk relative to, any securities market index or the Benchmark.

The Fund intends to achieve its investment objective by investing in a diversified portfolio of high yield bonds and Floating Rate Notes ("FRNs") of issuers (including a co-issuer) organized, domiciled or incorporated in the United States and North America or whose Group[1] (each as defined below) carry on a majority of its operations in the United States of America ("United States") and North America. These investments will largely be bonds or FRNs that primarily have a credit rating of between BB and CCC as rated by a Recognized Rating Agency[2] (as defined below). The extent to which the Fund will invest in FRNs will depend on the Investment Manager's assessment of market conditions and available investment opportunities, and it is possible that the Fund may be invested up to 100% in FRNs.

The Investment Manager's strategy is to focus on income-generating high yield bonds with a significant focus on principal protection. The Investment Manager employs a top-down macro-economic overlay in the construction of the portfolio, as well as a bottom-up, security based credit analysis in respect of individual investments. The Investment Manager constructs the portfolio by identifying investments with an attractive risk/return profile, and weighting these investments in the Fund based on their risk/return profile and availability in the marketplace. The top-down macro-economic overlay employed by the Investment Manager provides a perspective on countries, individual industries and companies. As part of this process, the Investment Manager considers news, commentary and outlooks on the changing dynamics in the global economy to assist in better decision-making and enhanced performance regarding current and potential investments. This is in addition to the Investment Manager's bottom-up research on individual securities, which incorporates industry analysts' views on industry trends, and the Investment Manager's assessment of the performance of a company based on its views of the economy, its credit fundamentals and relative risk-adjusted returns across the capital structure.

[1] "Group", means a borrower and any entity controlling, controlled by or under common control as the borrower as reasonably determined by the Investment Manager.

[2] "Recognized Rating Agency", means Moody's, Standard and Poor's, Fitch and any other internationally recognized rating agency equivalent to any of them.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of presentation

The accompanying financial statements are prepared in accordance with the United States Generally Accepted Accounting Principles ("US GAAP"). The Fund is an investment company and follows the accounting and reporting guidance contained within Topic 946 "Investment Companies" of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC").

(b) Use of estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting year. Actual results could differ from those estimates.

(c) Security transactions and valuation

Security transactions are accounted for on a trade date basis. Realized gains and losses are recorded when the security acquired is sold and unrealized gains and losses are recorded when the security is marked to market. Unrealized gains and losses related to the valuation of the Fund's portfolio are recognized in net change in unrealized depreciation on investments and foreign currency translation. The net realized gains or losses on sale of securities are determined on a specific identification basis.

Investments in securities are valued at fair value in accordance with US GAAP, which defines fair value as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, Fair Value Measurements, for information on the Fund's valuation of investments in securities.

(d) Income and expense recognition

Interest income and expense are recognized on the accrual basis except for securities in default for which interest is recognized on a cash basis.

(e) Recent adopted accounting standards

The Fund has considered all recent accounting standards updates and concluded that there is none that impacts the Fund for the year ended December 31, 2024.

(f) Cash and cash equivalents

Cash and cash equivalents include deposits held at call with banks and other short-term investments in an active market with original maturities of three months or less.

(g) Foreign currency translation

Assets and liabilities denominated in foreign currencies are translated into U.S. dollar (or "US$", or "$") amounts at the date of valuation. Transactions denominated in foreign currencies, including purchases and sales of investments and income and expenses, are translated into U.S. dollar amounts on the date of those transactions. Adjustments arising from foreign currency translation are reflected in the Statement of Operations.

The Fund isolates that portion of the results of operations arising from the effect of changes in foreign exchange rates on investments from fluctuations arising from changes in market prices of investments held.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Foreign currency translation (continued)

Net realized and unrealized gains/(losses) from foreign currency translation arises from sales of portfolio securities; sales and maturities of short-term securities; sales of foreign currencies; currency gains or losses realized between the trade and settlement dates on securities transactions; and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent of the amounts actually received or paid and translation of assets and liabilities in foreign currencies arises from changes in the fair values of assets and liabilities, including securities, at the end of the year resulting from changes in exchange rates.

(h) Allocation of profits and losses

Profits and losses of the Fund are allocated to share classes at the end of each weekly period in proportion to their Net Asset Value (or "NAV") as of the beginning of the fiscal year. Net profit and net loss of the Fund is determined on the accrual basis of accounting generally using US GAAP as a guideline and is deemed to include net unrealized profits or losses on investment positions as of the end of each fiscal year.

(i) Hedging

The Fund may engage in bona fide hedging transactions at the portfolio level, i.e. in connection with the acquisition, holding, financing, refinancing or disposition of investments, including currency hedging, swaps and other derivative contracts or instruments. Any amount paid by the Fund for such hedging transactions may be treated as general expenses of the Fund or as capital invested with respect to the related investments or other investments, and any distributions resulting therefrom may be treated as proceeds from the related investments or other investments, in each case as the Investment Manager determines in good faith to be appropriate under the circumstances.

The Fund may also comprise classes of shares denominated in a currency other than U.S. dollar. In such case, the Investment Manager may, in its discretion, seek to hedge the currency exposure risk between U.S. dollar and the currency of denomination of classes of shares of the Fund denominated in currencies other than U.S. dollar. The transactions of class of shares denominated in other currencies will be clearly attributable to a specific class, therefore currency exposures of different currency classes may not be combined or offset and costs and gains/(losses) of the hedging transactions will accrue solely to the relevant class.

There are no classes of shares denominated in other currencies in issue as of December 31, 2024.

3. FAIR VALUE MEASUREMENTS

The Fund utilizes various methods to measure the fair value of its investments on a recurring basis. US GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 – Observable inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available; representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety. A description of the valuation techniques applied to the Fund's major categories of assets and liabilities measured at fair value on a recurring basis follows.

Investments traded on securities exchanges are stated at the last reported sales price on the day of valuation. To the extent these investments are actively traded and valuation adjustments are not applied, they are categorized in level 1 of the fair value hierarchy. Preferred stock and other equities traded on inactive markets or valued by reference to similar instruments are categorized in level 2 of the fair value hierarchy.

The fair value of corporate bonds and convertible bonds are estimated using recent transactions, broker quotations, bond spread and pricing service information. Corporate bonds and convertible bonds are generally categorized in level 2 of the fair value hierarchy.

The following table summarizes the inputs used to value the Fund's assets and liabilities measured at fair value as of December 31, 2024 (amounts in thousands):

	Level 1	Level 2	Level 3	Total
Assets				
Investments in securities, at fair value:				
Convertible Bonds	$ -	$ 7,849	$ -	$ 7,849
Corporate Bonds	-	389,448	-	389,448
Total assets	**$ -**	**$ 397,297**	**$ -**	**$ 397,297**

The Fund's policy is to recognize transfers into and transfers out of the various levels as of the actual date of event or change in circumstances that caused the transfer. During the year ended December 31, 2024, there were no transfers between levels.

4. CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of December 31, 2024 consist of the following (amounts in thousands):

Citibank N.A.	$ 6,919
	$ 6,919

As of December 31, 2024, the cash balance is held with the Citibank N.A. which has a long-term credit rating of A+ as issued by Standard and Poor's.

5. MANAGEMENT FEE AND INVESTMENT MANAGER'S FEE

Management fee
The Fund pays the Manager a management fee out of the assets of the Fund calculated as a percentage of the NAV of the Fund.

The Manager is entitled to receive an annual fee out of the assets of the Fund, accrued and calculated monthly, at a rate of up to a maximum of 0.03% of the NAV, which is subject to a minimum monthly fee of €3,350 (not in thousands) per sub-fund.

The management fee is determined as at each valuation day, adjusted for subscriptions and redemptions, and pro-rated for partial periods. The management fee is payable monthly in arrears.

The Manager is also reimbursed by the Fund for reasonable out-of-pocket expenses incurred by the Manager.

For the year ended December 31, 2024, the Fund incurred a management fee of $100,954 (not in thousands) and $78,738 (not in thousands) is payable as of December 31, 2024.

Investment Manager's fee
In consideration for the portfolio management services provided by the Investment Manager, the Fund pays the Investment Manager an investment management fee out of the assets of the Fund calculated as a percentage of the NAV of the relevant classes of the Fund.

In respect of the Class A Shares, the investment management fee is calculated as follows:

(a) 0.45% of the NAV of the shares on investments under $100 million;
(b) 0.40% of the NAV of the shares on investments between $100 million and $200 million; and
(c) 0.35% of the NAV of the shares on investments above $200 million.

In respect of the Class A Founder Shares, the investment management fee is 0.25% of the NAV of the Class A Founder Shares.

There is no investment management fee payable in respect of the Class B Shares.

The investment management fee is determined as at each valuation day, adjusted for subscriptions and redemptions, and pro-rated for partial periods. The investment management fee accrues weekly and is payable monthly in arrears.

The Investment Manager is also reimbursed by the Fund for reasonable out-of-pocket expenses incurred by the Investment Manager. The Investment Manager may, in its sole discretion, elect to reduce or rebate the investment management fee with respect to any shares.

As of December 31, 2024, the Fund has only Class B USD (Distributing) Shares in issue and, accordingly, there is no investment management fee incurred for the year.

6. ADMINISTRATION FEE

The ICAV and the Manager have entered into an administration agreement with Apex Fund Services (Ireland) Limited (the "Administrator") for the provision of certain services. The Administrator is entitled to receive an annual fee out of the assets of the sub-funds of the ICAV (with the sub-fund bearing its pro-rata share), accrued and calculated monthly, in the following amounts per annum of the ICAV's assets:

- 0.03% of the NAV of the ICAV under €500 million;
- 0.025% of the NAV of the ICAV for the next €500 million; and
- 0.02% of the NAV of the ICAV thereafter,

subject to minimum monthly fee of €3,000 (not in thousands) per sub-fund.

The Administrator is entitled to certain other fees for the services it provides to the ICAV. The Administrator is also reimbursed by the ICAV for reasonable out-of-pocket expenses.

For the year ended December 31, 2024, the Fund incurred administration fees of $105,625 (not in thousands) and $68,065 (not in thousands) is payable as of December 31, 2024. Administration fees incurred during the year are included in professional fees in the Statement of Operations. Administration fees payable are included in accounts payable and accrued expenses in the Statement of Assets and Liabilities.

7. DEPOSITARY AND CUSTODIAN FEE

The Manager and the ICAV have appointed European Depositary Bank S.A., Dublin Branch (the "Depositary"), to act as the depositary of the ICAV pursuant to the terms of a depositary agreement between each of the ICAV, the Manager and the Depositary. The Depositary is entitled to receive an annual fee out of the assets of the Fund, accrued and calculated monthly, at a rate of up to a maximum amount of 0.015% per annum of the NAV of the ICAV.

The Depositary is also entitled to receive a fee for custodial services relating to custody of fixed income securities that are transacted on the Euroclear and Depositary Trust Company clearing systems of 0.005% of the assets in custody. The Depositary may charge other custodial fees and transaction fees at normal commercial rates.

The Depositary is also reimbursed by the ICAV for reasonable out-of-pocket expenses.

For the year ended December 31, 2024, the Fund incurred depositary and custodian fees of $108,288 (not in thousands) and $17,039 (not in thousands), respectively and $43,448 (not in thousands) and $32,275 (not in thousands) is payable as of December 31, 2024, respectively. Depositary and custodian fees incurred during the year are included in professional fees in the Statement of Operations. Depositary and custodian fees payable as of the year end are included in accounts payable and accrued expenses in the Statement of Assets and Liabilities.

8. AUDIT FEE

For the year ended December 31, 2024, fees to the Independent Auditor were as follows (amounts in thousands):

		For the year ended December 31, 2024
Statutory audit	$	27
Other assurance services		-
Tax advisory services		-
Other non-audit services		-
Total	**$**	**27**

9. SHARE CAPITAL

The ICAV
Each of the shares of the ICAV is a share of no par value. The ICAV may issue two or more classes of shares, each representing an interest in a sub-fund, with different rights and privileges.

Each sub-fund may consist of one or more classes of shares. Each such class of shares may bear its own management fee and distribution expenses, as well as any other expenses applicable only to that specific class.

The ICAV was incorporated with an initial share capital of two Euro and represented by two subscriber shares of no par value. The maximum authorized share capital is five hundred billion shares of no par value.

Shareholders of the subscriber shares are entitled to attend and vote at all meetings of the ICAV (but not meetings of any sub-fund), but do not entitle the holders to participate in the dividends or net assets of any sub-fund or the ICAV.

9. SHARE CAPITAL (CONTINUED)

The Fund
The Fund offers the following Classes of Shares:

Class	Hedged / Unhedged	Minimum Initial Investment	Minimum Subsequent Investment	Minimum Holding	Denomination	Initial offer price	Initial offer Period Open/ closed
Class A USD (Distributing)	Unhedged	USD 1 million	USD 1 million	USD 1 million	USD	100	Open
Class A USD (Accumulating)	Unhedged	USD 1 million	USD 1 million	USD 1 million	USD	100	Open
Class A EUR (Distributing)	Hedged	EUR 1 million	EUR 1 million	EUR 1 million	EUR	100	Open
Class A EUR (Accumulating)	Hedged	EUR 1 million	EUR 1 million	EUR 1 million	EUR	100	Open
Class A Founder USD (Distributing)	Unhedged	USD 1 million	USD 1 million	USD 1 million	USD	100	Open
Class A Founder USD (Accumulating)	Unhedged	USD 1 million	USD 1 million	USD 1 million	USD	100	Open
Class A Founder EUR (Distributing)	Hedged	EUR 1 million	EUR 1 million	EUR 1 million	EUR	100	Open
Class A Founder EUR(Distributing)	Hedged	EUR 1 million	EUR 1 million	EUR 1 million	EUR	100	Open
Class B USD (Distributing)	Unhedged	USD 1 million	USD 1 million	USD 1 million	USD	100	Closed
Class B USD (Accumulating)	Unhedged	USD 1 million	USD 1 million	USD 1 million	USD	100	Open
Class B EUR (Distributing)	Hedged	EUR 1 million	EUR 1 million	EUR 1 million	EUR	100	Open
Class B EUR (Accumulating)	Hedged	EUR 1 million	EUR 1 million	EUR 1 million	EUR	100	Open

As of December 31, 2024, only Class B USD (Distributing) Shares are in issue. Following the close of the initial offer period, shares are offered on each weekly subscription dealing day at an issue price per share equal to the NAV per share on the immediately preceding valuation day. The ICAV will not charge any subscription fee. However, an anti-dilution levy may be payable. As per the amended supplement, such levy shall not exceed 1% of the subscription amount.

The applications for Class A Founder Shares are accepted for a limited time until the aggregate subscription amount paid for Class A Founder Shares reaches approximately USD 500 million, or such other amount as the Directors may determine at any time in their sole discretion (the "Founder Period"). Following the expiry of the Founder Period, each investor that was issued with Class A Founder Shares, may (whilst they remain invested in the Fund and under the same investor name) subscribe for additional shares in the same class, provided that the subscription amount for such additional shares may not exceed the aggregate amount the investor had subscribed for shares held in such class as at the end of the Founder Period, or such other amount as the Directors may determine at any time in their sole discretion (the "Founder Class Maximum"). Any further subscriptions from such investor in excess of the Founder Class Maximum in any other Classes may only be permitted in where other classes are open to such subscriptions in accordance with the terms of the amended supplement.

9. SHARE CAPITAL (CONTINUED)

Shareholders have the right to request the Fund to redeem their shares on each weekly redemption dealing day.

Shares are redeemed on each redemption dealing day at a price per share equal to the NAV per share on the immediately preceding valuation day, together with any duties and charges. The ICAV will not charge any redemption fee. However, an anti-dilution levy may, at the sole discretion of the Investment Manager, be payable to cover dealing costs in order to preserve the value of the underlying assets of the Group. As per the supplement, such levy shall not exceed 1% of the redemption amount.

During the year ended December 31, 2024, the Fund's number of shares issued and outstanding as of December 31, 2024 were as follows:

	Class B USD (Distributing) Shares*
As of January 1, 2024	2,162,458
Shares issued	1,427,904
As of December 31, 2024	**3,590,362**

* Outstanding shares are not in thousands.

10. RELATED PARTIES

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions.

Directors
Peter O'Leary is independent of the Manager and the Investment Manager. Michael Gilleran is an employee of the Investment Manager and the sole shareholder. Greg Hickey is an employee of the Investment Manager.

Related party	Nature of relationship	Transaction	Transactions/expenses during the year (amounts in thousands)	Balance as at December 31, 2024 (amounts in thousands)
FundRock Management Company S.A.	Manager	Management fee	$ 101	$ 79
Peter O'Leary	Director	Director's fee	30	-
European Depositary Bank S.A., Dublin Branch*	Depositary	Depositary and Custodian fee	125	76
Apex Fund Services (Ireland) Limited*	Administrator, Registrar and Transfer Agent	Administration fee	106	68
KKR Multi-Asset Tactical Allocation DAC	Shareholder with 100% of the Class B USD (Distributing) shares of the Fund	Subscription of share capital	156,611	-
KKR Multi-Asset Tactical Allocation DAC	Shareholder with 100% of the Class B USD (Distributing) shares of the Fund	Distributions	$ (6,696)	$ -

*KKR Multi Asset Tactical Allocation DAC is owned by Apex TSI Limited which is ultimately owned by the Apex Group. European Depositary Bank S.A., Dublin Branch and Apex Fund Services (Ireland) Limited are entities of the Apex Group. Please refer to notes 6 and 7 for further information on fees paid to the Administrator and the Depositary, respectively.

11. DISTRIBUTIONS

The Investment Manager may determine at its sole discretion that sufficient amounts are available to distribute to shareholders by way of a quarterly dividend in respect of the Distributing Share Classes. The Investment Manager may offer distributions in cash or in-kind.

The Fund made a cash distribution of €1,597,003 (not in thousands) in April 2024. A cash distribution of €5,098,500 (not in thousands) was made in July 2024. No in-kind distributions were declared during the year.

12. TAXES

Under current Irish law and practice, the ICAV qualifies as an investment undertaking for the purposes of Section 739B of the Taxes Consolidation Act ("TCA"), 1997, as amended. On that basis, it is not chargeable to Irish tax on its income or gains.

12. TAXES (CONTINUED)

Although the ICAV is not chargeable to Irish tax on its income and gains, Irish tax can arise on the happening of a "chargeable event" in the ICAV. A chargeable event includes any payments of distributions to shareholders, any encashment, repurchase, redemption, cancellation or transfer of shares and any deemed disposal of shares as described below for Irish tax purposes arising as a result of holding shares in the ICAV for a period of eight years or more. Where a chargeable event occurs, the ICAV is required to account for the Irish tax thereon.

No Irish tax will arise in respect of chargeable events in respect of a shareholder who is an Exempt Irish Investor (as defined in Section 739D of the TCA) or who is neither Irish resident nor ordinarily resident in Ireland for tax purposes at the time of the chargeable event, provided, in each case, that an appropriate valid declaration in accordance with Schedule 2B of the TCA is held by the ICAV or where the ICAV has been authorized by Irish Revenue to make gross payments in the absence of appropriate declarations.

Dividends, interest and capital gains (if any) received in investments made by the Fund may be subject to taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Fund or its shareholders.

13. RISK FACTORS

i. Market, Economic and Political Risk

The Fund, portfolio companies and other counterparties with which the Fund transacts and which the Sub-Funds invest in could be materially affected by market, economic and political conditions globally and in the jurisdictions and sectors in which they invest or operate. The Fund and the Sub-Funds may be affected by factors including economic outlook, factors affecting interest rates, the availability of credit, currency exchange rates, changes in competitive environment, changes in national or international economic and market conditions, changes in laws, regulations, trade barriers, commodity prices and controls, fiscal policies or political conditions of countries in which investments are made, including the risks of war and the effects of terrorist attacks, security operations, infectious disease outbreaks, epidemics and pandemics which are outside of the Fund's control. The market price of securities will also be impacted by these factors. Difficult market and economic conditions and general fluctuations in the market prices of investments and interest rates could adversely affect the Fund and the Sub-Funds by reducing the value or performance of investments or by reducing the ability to raise or deploy capital or obtain appropriate financing.

Any significant changes in, among other things, economic policy (including with respect to interest rates, tariffs and foreign trade), the regulation of the asset management industry, tax law, immigration policy, environmental protection and/or climate change policies or regulations and/or government entitlement programs could have a material adverse impact on the performance of the Fund and the Sub-Funds by reducing the value or performance of investments or by reducing the Sub-Funds' ability to raise or deploy capital or obtain appropriate financing. If trade disputes between the United States and other countries continue or escalate, or if additional tariffs or trade restrictions are implemented by the United States or other countries in connection with a global trade dispute or "trade war", there could be material adverse effects on the global economy, and the Fund and the Sub-Funds and their portfolio investments could be materially and adversely affected.

More generally, legislative acts, rulemaking, adjudicatory or other activities including in particular by the U.S. Congress, the SEC, the United States Federal Reserve Board, the Financial Industry Regulatory Authority, Inc. or other U.S. or non-U.S. governmental, quasi-governmental or self-regulatory bodies, agencies and regulatory organisations could make it more difficult (or less attractive) for the Sub-Funds to achieve their investment objectives. Populist and anti-globalisation movements in certain countries could result in material changes in economic, trade, climate change and immigration policies, all of which could lead to significant disruption of global markets and could have materially adverse consequences on clients' investments, including in particular on portfolio companies and other issuers whose operations are directly or indirectly dependent on international trade.

Any instability in the global economy and markets could result in investments held by the Sub-Funds not generating expected current proceeds or failing to appreciate as anticipated and the investments could suffer losses. No assurance can be given that market conditions, trends or opportunities will arise or continue, as applicable. Trends and historical events do not imply, forecast or predict future events.

13. RISK FACTORS (CONTINUED)

ii. Sustainability Risk

The Investment Manager has adopted a responsible investment policy on the integration of sustainability risks in their investment decision-making process. Regulation (EU) 2019/2088 of the European Parliament and of the Council on sustainability-related disclosures in the financial services sector (the "SFDR") describes a sustainability risk as an environmental, social, and governance event or condition that, if it occurs, could cause an actual or a potential material negative impact on the value of an investment. The Sub-Funds are Article 6 funds within the meaning of SFDR with the exception of KKR Bespoke Global Credit Opportunities (Ireland) Fund which is classified as a financial product which promotes environmental and/or social characteristics as described in Article 8 of SFDR.

The likely impacts of sustainability risks on the returns of the Fund and Sub-Funds will depend on their exposure to investments that are vulnerable to sustainability risks and the materiality of the sustainability risks. The negative impacts of sustainability risks on the Sub-Funds may be mitigated by the Investment Manager's approach to integrating sustainability risks in its investment decision-making. However, there is no guarantee that these measures will mitigate or prevent sustainability risks from materialising in respect of the Sub-Funds.

The likely impact on the returns of the Fund and Sub-Funds from an actual or potential material decline in the value of an investment due to a sustainability event or condition will vary and depend on several factors including, but not limited to, the type, extent, complexity and duration of the event or condition, prevailing market conditions and the existence of any mitigating factors.

The sustainability information used to determine whether companies are managed and behave responsibly may be provided by third-party sources and is based on backward-looking analysis. The subjective nature of non-financial sustainability criteria means a wide variety of outcomes are possible. The data may not adequately address material sustainability factors. The analysis is also dependent on companies disclosing relevant data and the availability of this data can be limited.

EU Taxonomy Regulation Disclosure

The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities in accordance with Regulation (EU) 2020/852 of the European Parliament and of the Council of June 18, 2020 on the establishment of a framework to facilitate sustainable investment (the "Taxonomy Regulation"), that sets out a framework for classifying specific economic activities as "environmentally sustainable".

iii. Conflict in Ukraine

On February 25, 2022, Russian troops began a full-scale invasion of Ukraine, representing the largest mobilisation since 2014, and, as of the date hereof, the countries remain in active armed conflict. Since the invasion, the United States, the United Kingdom ("UK"), the European Union ("EU") and several other nations have imposed a broad array of new or expanded sanctions, export controls and other measures in response to Russia's actions against Russia and certain entities and individuals. The ongoing conflict and the continued evolving measures in response have had and are expected to continue to have a negative impact on the economy and business activity globally and therefore could adversely affect the business of the Fund and the Sub-Funds. The severity and duration of the conflict and its impact on global economic and market conditions are impossible to predict, and as a result, present material uncertainty and risk. Sanctions and export control laws and regulations are complex, frequently changing, and increasing in number, and they may impose additional legal compliance costs or business risks associated with our operations. Although the Sub-Funds do not conduct business directly with companies based in Ukraine, Russia or Belarus, the impact of these measures, as well as further potential responses to them by Russia, remains unclear and could adversely affect our business, results of operations and financial condition.

iv. Conflict in Gaza

The conflict between Israel and Harakat al-Muqawama al-Islamiya (Islamic Resistance Movement) or HAMAS in Gaza escalated in October 2023. Although there have been developments with regards to ceasefire negotiations, the conflict is ongoing and could lead to disruption, instability and volatility in global markets, economies and industries that could negatively impact the business of the Sub-Funds, results of operations and financial condition. The conflict may also escalate further and its resolution is unclear. The potential for further military escalation and other corresponding events, could have, severe negative effects on regional and global economic and financial markets, including increased volatility and overall uncertainty.

13. RISK FACTORS (CONTINUED)

v. Liquidity Risk

The Fund may be adversely affected by a decrease in market liquidity for the assets in which it invests. In such circumstances, the Fund or a Sub-Fund may experience difficulties in selling assets at a fair price within a timely manner. The Investment Manager employs an appropriate liquidity management policy and has adopted documented procedures which enable it to monitor the liquidity risk of a Sub-Fund and ensure that the liquidity profile of a Sub-Fund's investments enable such Sub-Fund to satisfy withdrawals. The Investment Manager's liquidity management procedures are reviewed on at least an annual basis. The Investment Manager conducts stress testing on an ongoing basis under normal and exceptional liquidity conditions, having regard to a range of issues, including a Sub-Fund's investment strategy and the fact that withdrawals are generally permitted.

vi. Inflation

Many nations have been experiencing higher than normal inflation rates. It remains uncertain whether substantial inflation in these countries will be sustained over an extended period of time. In an attempt to stabilise inflation, countries may impose wage and price controls or otherwise intervene in the economy, and certain central banks have significantly raised interest rates. Governmental efforts to curb inflation often have negative effects on the level of economic activity generally. To the extent existing trends of high inflation persist globally, such elevated inflation, along with governmental efforts to curbs it, could have a significant adverse effect on the performance of the Sub-Funds. Notwithstanding these significant issues are outside the Fund's control it is doing what it can to address these risks and management has determined that they do not cast significant doubt upon the entities' ability to continue as a going concern.

vii. Cybersecurity Risk

The Fund or a Sub-Fund, its portfolio companies, the Investment Manager, their affiliates and their service providers are subject to risks associated with a breach in cybersecurity, including business disruption and information security risks. A business disruption or outage could be caused by various events including pandemics, natural catastrophes, systems outages or a cybersecurity attack. Cybersecurity attacks are increasing in frequency and severity and could lead to disruptions in critical systems, unauthorized or unintended release of confidential or otherwise protected information, including, without limitation, information regarding the shareholders, a Sub-Fund's investment activities, and corruption of data. In particular, ransomware attacks are evolving and typically carried out via a form of malicious software designed to encrypt the files on and/or block access to the information system until the demanded ransom is paid, resulting in significant business disruption, financial losses (including potentially ransom payments and/or costs and expenses associated with engaging decryption specialists), reputational costs and loss of data. The Fund or a Sub-Fund, the Investment Manager and the service providers to the Sub-Funds rely extensively on computer programs and systems (and likely will rely on new systems and technology in the future) for various purposes, including trading, clearing and settling transactions, evaluating certain investments, monitoring its portfolio and net capital and generating risk management and other reports that are critical to oversight of Fund activities. Certain of a Sub-Fund's and the Investment Manager's operations will be dependent upon systems operated by third parties, including prime-broker(s), administrators, market counterparties and their sub-custodians and other service providers. The Fund's service providers also depend on information technology systems and, notwithstanding the diligence that the Fund performs on its service providers, the Fund could not be in a position to verify the risks or reliability of such information technology systems. Although the Investment Manager has implemented (and issuers of a Sub-Funds' investments will likely implement) various measures to manage risks relating to cyber security events, the damage or interruptions to information technology systems could cause losses to a Sub-Fund or shareholders, without limitation, by interfering with the processing and completion of transactions, affecting a Sub-Funds' ability to conduct valuations or impeding or sabotaging trading. A Sub-Fund could also incur substantial costs as the result of a cybersecurity breach, including those associated with forensic analysis of the origin and scope of the breach, increased and upgraded cybersecurity, identity theft, unauthorized use of proprietary information, litigation, regulatory fines/penalties, adverse investor reaction, the dissemination of confidential and proprietary information and reputational damage. Any such breach could expose a Sub-Fund to civil liability as well as regulatory inquiry and/or action. Shareholders could also be exposed to losses resulting from unauthorized use or dissemination of their personal information.

14. NET ASSET VALUE

The table below details the NAV (amounts in thousands), the number of shares in issue (not in thousands) and the NAV per share of each share class of the Fund covering the last three financial years:

	December 31, 2024	December 31, 2023	December 31, 2022
Class B USD (Distributing) Shares			
Net asset value	$ 410,713	$ 232,837	$ 207,509
Number of shares in issue	3,590,362	2,162,458	2,066,698
Net asset value per share	$ 114.39	$ 107.67	$ 100.41

15. EXCHANGE RATES

The exchange rates to US$ as of December 31, 2024, used in the preparation of these financial statements were:

	Average	Closing

16. FINANCIAL HIGHLIGHTS

The Fund's financial highlights consists of per share operating performance, total return, and expense and net investment income ratios to average net assets. The following table represents the Fund's financial highlights for the year ended December 31, 2024.

	Class B USD (Distributing)
Per share operating performance	
(for a share outstanding throughout the year)	
Net asset value, beginning of year	$ 107.67
Income from investment operations:	
Net investment income	6.68
Net realized and unrealized gain on investments	1.90
Net increase in net assets resulting from operations	8.58
Distributions	(1.86)
Net asset value, end of year	114.39
Total return	6.06%
Ratios to average net assets:	
Expenses	0.28%
Net investment income	6.07%

17. SUBSEQUENT EVENTS

The Board of Directors has evaluated subsequent events up until April 24, 2025. On the basis of this evaluation, there were no events that would require recognition or additional disclosure in the financial statements.

KKR US HIGH YIELD BOND FUND

(a Sub-Fund of KKR Multi-Asset Class Credit Platform ICAV)

MANAGER'S REPORT AND REMUNERATION DISCLOSURE (UNAUDITED) FOR THE YEAR ENDED DECEMBER 31, 2024

Market Overview and Outlook

The US high-yield bond market had a robust performance in 2024, characterized by significant issuance levels and strong investor demand.

Key Highlights:

- **Issuance Volume:** The total high-yield bond issuance reached $281.6 billion in 2024, marking the highest volume since 2021. This was a substantial increase compared to $102.3 billion in 2022 and $176.1 billion in 2023.

- **Refinancing Dominance:** Refinancing accounted for approximately 70% of the total issuance, reflecting ongoing efforts by issuers to manage existing debt amid favorable market conditions. About $67 billion of the issuance was specifically aimed at repaying existing loans.

- **Market Dynamics:** The year saw a strong technical backdrop due to a significant imbalance between supply and demand, leading to tighter spreads. The average new-issue yield for high-yield bonds decreased, with yields for senior unsecured bonds averaging around 7.6%, down from previous highs.

- **Investor Demand:** There was a notable surge in demand from CLOs and retail investors, with $59.5 billion in CLO issuance in Q4 alone, contributing to the overall strong demand for high-yield bonds.

- **M&A Activity:** Although M&A activity remained subdued compared to historical levels, there were signs of improvement, particularly in the latter half of the year, contributing to a more optimistic outlook for 2025.

Overall, 2024 was a landmark year for the US high-yield bond market, characterized by high issuance volumes, strong refinancing activity, and a favorable technical environment that set the stage for continued growth in 2025.

The KKR US High Yield Bond Fund returned +8.1% in 2024 vs 8.2% for its benchmark (BoAML US HY Index).

Remuneration Disclosure

FundRock Management Company S.A. ("FundRock"), as subject to CSSF Circular 18/698, has implemented a remuneration policy in compliance with Articles 111a and 111b of the 2010 Law and/or Article 12 of the 2013 Law, respectively.

FundRock, as subject to Chapter 15 of the 2010 Law and AIFM, must also comply with the guidelines of the European Securities and Markets Authority ESMA/2016/5758 and ESMA/2016/5799 to have sound processes in place. FundRock has established and applies a remuneration policy in accordance with the ESMA Guidelines on sound remuneration policies under the UCITS V Directive (ESMA 2016/575) and AIFMD (ESMA 2016/579) and any related legal and regulatory provisions applicable in Luxembourg.

Further, consideration has been given to the requirements as outlined in Regulation (EU) 2019/2088 on sustainability – related disclosures in the financial sector, the SFDR Requirements.

The remuneration policy is aligned with the business strategy, objectives, values and interests of FundRock and the Funds that it manages and of the investors in such Funds, and which includes, inter alia, measures to avoid conflicts of interest; and it is consistent with and promotes sound and effective risk management and does not encourage risk taking which is inconsistent with the risk profiles, rules or instruments of incorporation of the Funds that the Management Company manages.

FundRock ensures that its remuneration policy adequately reflects the predominance of its oversight activity within its core activities. As such, it should be noted that FundRock's employees who are identified as risk-takers are not remunerated based on the performance of the Funds under management.

A paper version of the remuneration policy is made available free of charge to investors at FundRock's registered office. FundRock's remuneration policy can also be found at:
https://www.fundrock.com/policies-and-compliance/remuneration- policy/

Remuneration Disclosure (continued)

The total amount of remuneration for the financial year ending December 31, 2024 paid by FundRock to its staff: EUR 9,805,298.
Fixed remuneration: EUR 9,486,232.
Variable remuneration: EUR 319,066.
Number of beneficiaries: 214.

The aggregated amount of remuneration for the financial year ending December 31, 2024 paid by FundRock to identified staff/risk takers is EUR 1,518,834.

Type	Fixed Remuneration EUR	Variable Remuneration EUR	Total EUR
Identified Staff	1,442,562	76,271	1,518,834
Staff	8,043,670	242,795	8,286,464
Total	**9,486,232**	**319,066**	**9,805,298**

The total amount of remuneration is based on a combination of the assessment of the performance of the individual, the overall results of FundRock, and when assessing individual performance, financial as well as non-financial criteria are taken into account.

The Policy is subject to annual review by the Compliance Officer and the update is performed by HR department of FundRock and is presented for review to the Remuneration Committee and approval by the Board of FundRock.

Under UCITS Regulations (as amended), the Fund is required to disclose at a minimum all purchases and all sales over 1% of total purchases and total sales respectively, where there is less than twenty, the largest twenty purchases and the largest twenty sales during the period should be disclosed.

*Represents the top 20 purchases and top 20 sales made during the financial year.

SECURITIES FINANCING TRANSACTION REGULATION ("SFTR") (UNAUDITED)

During the reporting year, the Fund did not engage in transactions which are subject to the publication requirements of SFTR. Accordingly, no information concerning the transparency of securities financing transactions and of reuse of cash collateral should be reported.

SUSTAINABLE FINANCE DISCLOSURE REGULATION ("SFDR") (UNAUDITED)

Annex IV

Periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Product name: KKR US HIGH YIELD BOND FUND (THE "FUND"), a sub-fund of KKR Multi-Asset Class Credit Platform ICAV.

Legal entity identifier: 549300ZUDR5IGQGWCB09

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?

☐ Yes	☒ No
☐ It made sustainable investments with an environmental objective: ___%	☐ It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of 0.00% of sustainable investments
☐ in economic activities that qualify as environmentally sustainable under the EU Taxonomy	☐ with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy
☐ in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	☐ with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy
	☐ with a social objective
☐ It made sustainable investments with a social objective: ___%	☒ It promoted E/S characteristics, but **did not** make any sustainable investments

To what extent were the environmental and/or social characteristics promoted by this financial product met?

During the reporting period, the Fund promoted the following environmental and social characteristics by investing in assets with one or more of the following attributes selected by the investment manager of the Fund ("KKR"): (i) low-carbon business models; (ii) diversity on the board and/or executive management; (iii) responsible environmental management and (iv) responsible social management. In addition, KKR ensured that the promotion of these four characteristics was made in: (v) the absence of significant environmental and social management concerns.

SUSTAINABLE FINANCE DISCLOSURE REGULATION ("SFDR") (UNAUDITED) (CONTINUED)

Additional product specific information is available on the investor data site: https://login.ihsmarkit.com, access to which is provided by KKR on request.

While the Fund promoted environmental and social characteristics, it did not seek to make investments with a sustainable objective.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

How did the sustainability indicators perform?

In order to qualify as an asset which falls within the portion of investments that are deemed to attain the environmental and/or social characteristics promoted by the Fund, at least one of the indicators described for characteristics 1, 2, 3, or 4, and the indicators described for characteristic 5, must be met.

The sustainability indicators performed as follows during the reference period:

1) Characteristic 1: low-carbon business model

For this characteristic, the sustainability indicator can be either of the following:

- The company provides climate-positive goods or services; or
- The company is a climate solution company, which generally means that the company contributes substantially to climate change mitigation, such as a renewable energy company, or contributes substantially to climate change adaptation.

The Fund held investments representing 1.21% of the Fund by market value[1] which met one or more of the characteristics for 'low-carbon business model' outlined above, and did not have a significant environmental or social concern (i.e., characteristic 5).

2) Characteristic 2: board and executive management diversity

For this characteristic, the sustainability indicator can be any of the following:

- At least 30% board diversity; or
- At least 30% executive management diversity.

For these purposes, diversity characteristics include female, LGBTQ+ or historically excluded racial or ethnic groups. Subject to applicable regulation and the ability to obtain relevant data, KKR assessed diversity for each investment on a case-by-case basis, taking into account considerations specific to the company, including its location and social and cultural environment.

The Fund held investments, representing 58.70% of the Fund by market value, which met one or more of the characteristics for 'board and executive management diversity'

1 "XX.X% of the Fund by market value" is calculated based on the [market value] of all investments held by the Fund, including "other" investments such as cash and currency hedging instruments as of 31 December 2024, unless otherwise specified.

SUSTAINABLE FINANCE DISCLOSURE REGULATION ("SFDR") (UNAUDITED) (CONTINUED)

outlined above, and did not have a significant environmental or social concern (i.e., characteristic 5).

3) Characteristic 3: responsible environmental management

For this characteristic, the sustainability indicator can be any of the following:

- The company provides positive impact to an environmental challenge determined in the sole discretion of KKR. KKR considers a company to provide positive impact to an environmental challenge, determined in KKR's sole discretion, if a product or service provided aims at contributing to the achievement of a positive outcome with respect to an environmental challenge or the company has a history of adequately addressing environmental issues; or
- KKR has evidence that the company has in place a credible environmental management program and an ambition to improve its environmental performance. KKR considers an environmental management program to be credible if KKR makes a determination, in its sole discretion, that there is an existing environmental management program and such program has a certain likelihood of being successful (i.e. improving environmental performance); or
- The company demonstrates a track record of (public or non-public) disclosures on positive environmental performance over the period of at least 2 years; or
- The company has made a "net-zero GHG emissions by 2050" commitment; or
- The company has developed a GHG emissions reduction target that is relevant to the business.

The Fund held investments, representing 74.41% of the Fund by market value, which met one or more of the characteristics for 'responsible environmental management' outlined above, and did not have a significant environmental or social concern (i.e., characteristic 5).

4) Characteristic 4: responsible social management

For this characteristic, the sustainability indicators will be any of the following:

- The company provides positive impact to a social challenge, determined in the sole discretion of KKR. KKR considers a company to provide positive impact to a social challenge, determined in KKR's sole discretion, if a product or service provided aims at contributing to the achievement of a positive outcome with respect to a social challenge; or
- KKR has determined that social management is material to the company's business (based on SASB identified material topics or otherwise) and KKR has evidence that the company has in place a credible social management program (e.g., employee health and safety, employee engagement, data privacy, equity and inclusion, customer service, supply chain policies or community impact).

The Fund held investments, representing 69.74% of the Fund by market value, which met one or more of the characteristics for 'responsible social management' outlined above, and did not have a significant environmental or social concern (i.e., characteristic 5).

SUSTAINABLE FINANCE DISCLOSURE REGULATION ("SFDR") (UNAUDITED) (CONTINUED)

5) Characteristic 5: absence of significant environmental and social management concerns

- For this characteristic the sustainability indicator will disqualify those companies from being counted towards promoting environmental and/or social characteristics which show poor performance in carbon scores, environmental management, social management or diversity according to an internal sustainability scorecard system, the KKR Responsible Investment Credit Scorecard ("RICS"). A company is considered to have significant environmental or social management concerns if (1) the company has been involved in material and/or severe environmental or social-related controversies or impact; and (2) environmental or social considerations are deemed material by reference to the relevant SASB industry standards and there is no evidence of an environmental or social management system to sufficiently manage or mitigate the material negative environmental or social impact.

KKR applies a set of internal guidance to ensure that the indicators described above are met in an objective and consistent manner.

This sustainability indicator performed as indicated in the description of performance of each characteristic 1, 2, 3 and 4, above.

□ ***... and compared to previous periods?***

The sustainability indicators promoted by the Fund were updated between the 2023 and 2024 measurement periods and are therefore not directly comparable. Specifically, during the 2023 measurement period, the sole sustainability indicator promoted by the Fund was the proportion of investments which completed the KKR RICS. For the 2024 measurement period, KKR was monitoring and reporting on issuer performance on specific KKR RICS criteria as opposed to completion of the KKR RICS alone. Specifically, for the 2024 measurement period, KKR has monitored and reported on investments which promoted characteristics 1, 2, 3 or 4 and in each case characteristic 5 (as outlined above).

The EU Taxonomy sets out a "do not significant harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do no significant harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

SUSTAINABLE FINANCE DISCLOSURE REGULATION ("SFDR") (UNAUDITED) (CONTINUED)

What were the top investments of this financial product?

The list includes the investments constituting the greatest proportion of the overall value of the Fund, weighted by the top investments of the Fund with consideration of the four quarters of the reference period.

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: 1 January 2024 to 31 December 2024

Largest investments	Sector[A]	% Assets[B]	Country
CHS Community Health Systems, Inc.	Health Care	1.45%	United States
TIBCO Software Inc	Information Technology	1.33%	United States
Level 3 Financing Inc	Communication Services	1.31%	United States
LifePoint Hospitals Inc	Health Care	1.26%	United States
TransDigm Group Inc	Industrials	1.04%	United States
Maxim Crane Works LP / Maxim Finance Corp	Industrials	1.03%	United States
CSC Holdings LLC (Altice USA)	Communication Services	0.94%	United States
Rockies Express Pipeline LLC	Energy	0.94%	United States
Golden Nugget Inc.	Consumer Discretionary	0.93%	United States
Multi-Color Corp	Industrials	0.92%	United States
Flora Food Group	Consumer Staples	0.91%	Netherlands
USI Holdings Corp	Financials	0.89%	United States
Iron Mountain Inc	Real Estate	0.88%	United States
Charter Communications Inc	Communication Services	0.88%	United States
SPX FLOW Inc	Industrials	0.87%	United States

The "Sector" field in the above table is the sector for each asset from the Global Industry Classification System (GICS).

NOTE: (A) Other sector classification systems may be used outside of this Annex IV and therefore will not necessarily be comparable to the sectors detailed in this Annex IV.

The "% Asset" field in the above table refers to the percentage of the total Fund holdings. This is calculated as the market value of the investments per issuer, inclusive of accrued interest, divided by the market value of all investments of the Fund (including cash and cash equivalents) with consideration of the four measurement periods.

NOTE: (B) 1.68% of the Fund's value is attributable to cash and cash equivalents.

The "Country" field in the above table is defined as the country where the primary risk associated with the business exists (i.e., majority of revenues/ EBITDA, headquarters, etc.).

Unless otherwise indicated, investment values within this report are calculated based on the market value of investments as of 31 December 2024.

SUSTAINABLE FINANCE DISCLOSURE REGULATION ("SFDR") (UNAUDITED) (CONTINUED)

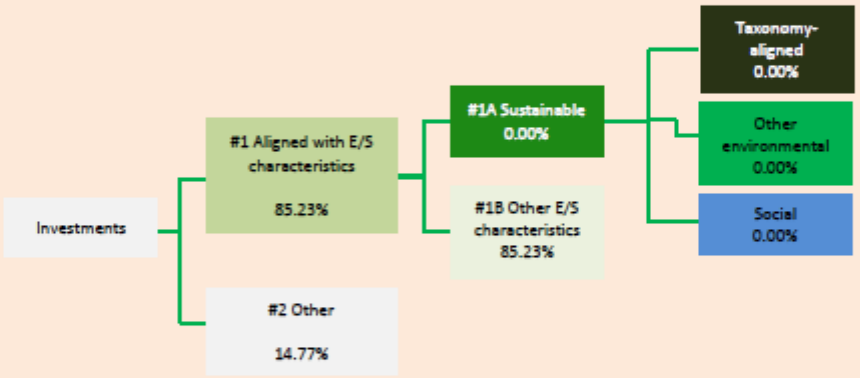

What was the proportion of sustainability-related investments?

The proportion of sustainability-related investments for this reporting period and the prior reporting period is detailed in the table below.

Asset allocation describes the share of investments in specific assets.

Sub-category	2023 Value	2024 Value
#1 Aligned with E/S characteristics	96.43%	85.23%
#1A Sustainable	*0.004%*	*0.000%*
Taxonomy-aligned	*0.004%*	*0.000%*
Other environmental	*0.000%*	*0.000%*
Social	*0.000%*	*0.000%*
#1B Other E/S characteristics	*96.43%*	*85.23%*
#2 Other	3.57%	14.77%

What was the asset allocation?

#1 Aligned with E/S characteristics includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

#2 Other includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

The category **#1 Aligned with E/S characteristics** covers:

- The sub-category **#1A Sustainable** covers sustainable investments with environmental or social objectives.
- The sub-category **#1B Other E/S characteristics** covers investments aligned with the environmental or social characteristics that do not qualify as sustainable investments.

In which economic sectors were the investments made?

The economic sector breakdown for all assets in the Fund (excluding cash and cash equivalents) are as follows:

The sector breakdown above follows the Global Industry Classification System (GICS). Based on an analysis of the sector breakdown per the GICS, it was determined that the Fund had certain exposures to sectors and sub-sectors of the economy that derive revenues from exploration, mining, extraction, production, processing, storage, refining or distribution, including transportation, storage and trade, of fossil fuels as defined in Article 2, point (62), of Regulation (EU) 2018 / 1999 of the Eurpean Parliament and of the Council.

NOTE: (C) The percentages of the sector breakdown above represent the percentage of assets per each sector in relation to the overall Fund value as of 31 December 2024.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

The Fund does not hold itself out as making sustainable investments including EU Taxonomy-aligned investments. The EU Taxonomy alignment of investments in the Fund was 0.00% (based on turnover) as of 31 December 2024.

SUSTAINABLE FINANCE DISCLOSURE REGULATION ("SFDR") (UNAUDITED) (CONTINUED)

corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:
- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

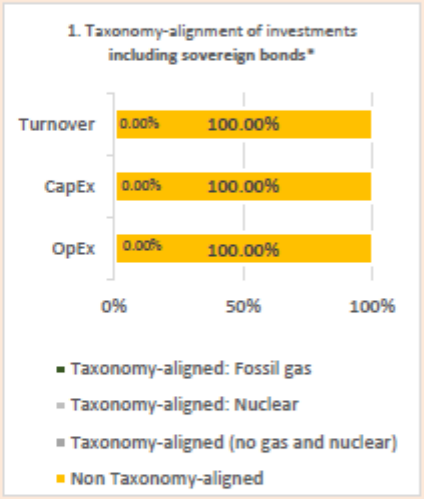

Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?

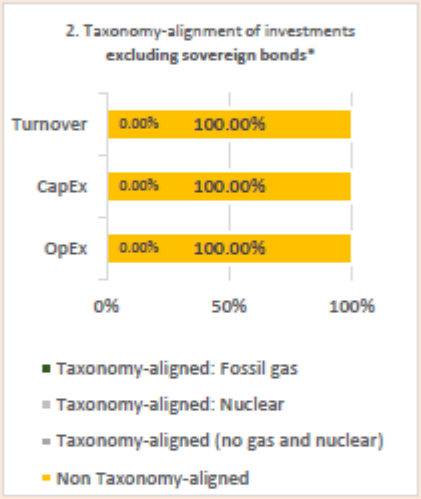

☐ Yes. ___

☐ In fossil gas ☐ In nuclear energy

☒ No.

The two graphs below show in green the percentage of investments that are aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

This graph represents 100% of the total investments

**For the purpose of these graphs, 'sovereign bonds consist of all sovereign exposures*

What was the share of investments made in transitional and enabling activities?

The Fund does not hold itself out as making investments in transitional and enabling activities. Based on turnover, the share of investments in transitional activities was 0.00% and the share of investments in enabling activities was 0.00%.

How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?

The Fund does not hold itself out as making sustainable investments including EU Taxonomy-aligned investments.

SUSTAINABLE FINANCE DISCLOSURE REGULATION ("SFDR") (UNAUDITED) (CONTINUED)

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under the Regulation 2020/852.

The EU Taxonomy alignment of investments in the Fund was 0.004% in the prior period and is 0.00% (each, based on turnover) in this reporting period.

What investments were included under "Other", what was their purpose and were there any minimum environmental or social safeguards?

The "Other" investments include investments which did not meet E/S Characteristics 1, 2, 3, or 4 (outlined above) as well as cash and cash equivalents which was held for liquidity management purposes.

In terms of minimum environmental or social safeguards, KKR has used reasonable efforts to ensure that all investments, other than investments made for the purposes of the management of cash and cash equivalents, met a minimum overall score determined on the basis of the RICS.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

A targeted portion of the Fund's investments has been, directly or indirectly, in assets that promote any one of Characteristics 1, 2, 3 or 4; and in each case Characteristic 5 (outlined above).

KKR has used reasonable efforts to ensure that the Fund's portfolio (excluding investments made for the purposes of currency hedging or the management of cash or other ancillary liquid assets or certain other investments) met a minimum overall sustainability score required under the RICS. The RICS is an internal and proprietary scorecard system that is based, among others, upon an assessment of certain sustainability-related criteria and risks. KKR assesses the RICS on the basis of publicly available information derived from the investment's industry sector or information received from the underlying issuers or the managers of the underlying portfolios (as applicable).
